Antique Barnwood Siding - Brown - Product Info

some inventory photos

 Antique Barnwood Siding is one of the most popular rustic siding options available. It is available in random or specific widths and various colors and textures. Available [Configurations](#): Board-and-Bat, Board-on-Board, Board-to-Board, Shiplap, Wedgelap.

 We sort our Antique Barnwood into four general categories: [Gray Rough](#), [Brown Rough](#) and [Smooth Brown/Gray](#) (heavier to browns). You are, of course, welcome to mix and match any of the colors/textures for your particular application.

Ensure that door panels are constructed with solid, structural material.

The wall or structure that your system will be mounted on must be designed to support a maximum door weight of 400 lbs. Do not install directly into drywall. Must be installed into wall blocking or header board.

Check with your contractor and/or your city of residence to confirm accordance with local building codes.

For best results, seek qualified building professionals for installation.

Barn Door Kit includes: Pair of hangers with wheels attached, hanger fasteners, anti-jump mechanism, length of track specified, track mounting hardware kit (track screws, posts with 3 spacers, anti crush plastic spacers for 1/2 in. and 3/8 in. thick drywall), adjustable track stops, and floor guide.

Optional Soft Open/Close Kit available, sold separately.

Additional hanger kit for double doors available for additional upcharge. Use suffix -DD when ordering.

GARAGE
TRUSS.

The weathered, exposed steel roof trusses by Summit Roofing compliment the "rusted" metal roof and harmonize with the stacked, field stone garage wall (above). Water run-off from the roof has stained the stonework in places similar to the look of a historic structure. The...

ENTRY TRUSS

Two views of the porte-cochere show the exposed metal trusses, beams, corrugated roofing and timber columns as structural elements and interesting texture.

A photograph of a window sill. The sill is a light-colored horizontal surface. Above the sill is a window looking out onto a green lawn, trees, and a wooden fence. Below the sill is a dark, textured surface, possibly a wall or floor. Handwritten in black ink on the sill are the words "INT. SILL DR." and "STAINED." with a downward-pointing arrow.
